

EISENHOWER HEALTH

Overdue Health Maintenance Reminder Notifications

1. You may receive an email notification with a generic message **“You have a new message in MyChart, please sign in to read your message.”**
2. A Health Reminder message displays upon logging into MyChart. You can select **“View details”** to review more information.
3. The notification for any overdue health maintenance will display, with a reminder to **“request for an appointment for follow-up”** **or** you may send a MyChart message letting your provider know that you have completed these Care Gaps.

Scroll down to see screen shots of each step.

Dear Ms. Whiteside:

In addition to helping you feel better when you are sick, we are interested in preventing illness and injury in the first place. In the spirit of maintaining your good health, our system indicates that you are due for the following:

Screening Hemoglobin A1c 2/1/2023

Please log on to your MyChart account to view your your preventive care reminders and request an appointment with your provider at your earliest convenience. If you have already received this service, please send a MyChart message to your provider with this information. We look forward to hearing from you soon.
